Indianapolis, 46202

(317) 529-8086

pratik.v.nalawade@gmail.com

EXPERIENCE

Indiana University, Indianapolis — *UX Research Assistant*

AUG 2016 - PRESENT

Conducting research to study the impact of color on map visualization for Web based interfaces using user studies. Designed the user interface to load the visualization and test it using different cognitive tasks.

Deloitte Consulting, Mumbai — *Business Technology Analyst*

AUG 2014 - JUL 2016

Analyzing the business value of requirements and providing QA and UX services for US healthcare and welfare programs. Designing screen mockups and workflows, and creating test scripts and test cases for Functional and Usability testing.

Shraddhanand Mahilashram, Mumbai — *UI/UX Developer*

DEC 2013 - FEB 2014

Translated requirements into workflows and designed user interface for NGO to create an online presence for the organization. Website was created using JQuery, JavaScript, and CSS.

PROJECTS

PetPal, UX Designer

AUG 2016 - DEC 2016

Designed an application to act as a portal for pet sitters and pet owners. Led contextual inquiries and user interviews to gather data and drive design decisions. Created and evaluated prototypes to conceptualize design.

DoubleMap, UX Researcher

AUG 2016 - DEC 2016

Conducted usability tests and user study to analyze the user experience of DoubleMap mobile application. Improved usability of 3 existing features by recommending designs.

SmartClass, UI Developer

MAR 2013 - AUG 2013

User Interface designer for a collaborative education android application designed for school students across the country.
