EXPERIENCE

IUPUI | GRADUATE RESEARCH ASSISTANT
Aug 2016 - now | Indianapolis
- I am working with **Prof Khairi Reda** on measuring the effectiveness of color maps in visualization
- I will be assisting with the Interface design and Usability testing

DELOITTE USI | BUSINESS TECHNOLOGY ANALYST - QA
Aug 2014 - July 2016 | Mumbai, India
- I worked on ACA-Medicaid Enterprise systems for US State government.
- I was involved in creating test scripts and test cases on Medicaid Eligibility, Medicaid Interfaces, Data exchange and End to End application testing.

SHRADDHANAND MAHILASHRAM | WEB DEVELOPER - INTERN
Dec 2013 - Jan 2014 | Mumbai, India
- I was part of 4 person team involved in Front-end development.
- We developed the site for the NGO using JQuery,Javascript and CSS.

PROJECTS

PETPAL | UX RESEARCHER AND DESIGNER
Aug 2016 – Nov 2016 | IUPUI
I worked in team of 4 where we designed a pet sitter aggregator based on the data gathered from user interviews. We created storyboards and personas to connect user problems to the solution.

DOUBLEMAP - USABILITY EVALUATION | UX RESEARCHER
Aug 2016 – now | IUPUI
I am working in a team of 4 where we are conducting a usability evaluation of the application. UX methods used to identify issues were Cognitive Walkthorugh, Heuristic evaluation and Contextual inquiry. We are communicating design changes to DoubleMap to improve their user experience.

AAKASH SOFTWARE DEVELOPMENT | APPLICATION DEVELOPER
Mar 2013 – Aug 2013 | IIT Bombay
I was the UI designer for android application in a 3 person team. I designed the application to run on government promoted tablet designed for school students across the country.

ENTHUSIA - COLLEGE SPORTS EVENT | UI DEVELOPER
Jun 2012 – Dec 2012 | VJTI, Mumbai
I was the Front-end designer for android application in a 3 person team. The application was designed to provide schedule and results of annual college sports festival.
